Chemical Engineering & Technology

Manuscript number: ceat.202200055.R1

MS-Type: Research Article

Title: "Enhanced fluid mixing using reversed multi-stage Tesla micromixer"

Correspondence Author: Tamrin

---

Dear Dr. Tamrin,

Your manuscript has been accepted for publication in Chemical Engineering & Technology. In case we need additional files from you for production we will let you know in a separate e-mail.

Chemical Engineering & Technology offers electronic publication of the accepted article prior to language polishing, formatting, and typesetting. Your paper will appear in the respective section of our home page within a few days.

You will receive galley proofs prior to the publication of the article – please indicate the corrections that are needed and return the proofs within three days. Attached to the proofs you will find some information on options and prices for the purchase of reprints and high-resolution pdf-files of your article.

You will also receive an e-mail from Wiley Author Services asking you to log in using the link provided. There you can either agree to the conditions of publication (Copyright Transfer Agreement) or choose the option to publish your article Open Access.

**\*\*We cannot process the article without selection of one of the two options.**

To find out whether the cost of publishing your manuscript Open Access is covered by one of our national agreements, check our website: <https://authorservices.wiley.com/author-resources/Journal-Authors/open-access/affiliation-policies-payments/index.html>. Please note that it is important to correctly select the affiliation of the primary corresponding author to qualify for these funds.

Cover suggestions are always welcome! Since there is a close competition for the cover, it is absolutely necessary that the proposal fits our layout. A template can be found on [https://onlinelibrary.wiley.com/page/journal/15214125/homepage/2044\\_forauthors.html](https://onlinelibrary.wiley.com/page/journal/15214125/homepage/2044_forauthors.html).

Please send your cover suggestion as soon as possible by e-mail attachment to cet@wiley.com.

The author is asked to make a contribution for the cover of 1200 Euro towards the cost of the color reproduction. Once the issue with the cover has been published, you will receive a high-resolution PDF file with the final version of the cover. Please feel free to use it to illustrate future lectures and presentations.

This journal offers a number of license options for published papers; information about this is available here: <https://authorservices.wiley.com/author-resources/Journal-Authors/licensing/index.html>. The submitting author has confirmed that all co-authors have the necessary rights to grant in the submission, including in light of each co-author's funder policies. If any author's funder has a policy that restricts which kinds of license they can sign, for example if the funder is a member of Coalition S, please make sure the submitting author is aware.

If you have any further questions, please do not hesitate to contact us.

Best regards,

Barbara Boeck

P.S.: Could you please next time format the references as required? Thank you in advance.

By submitting a manuscript to or reviewing for this publication, your name, email address, and affiliation, and other contact details the publication might require, will be used for the regular operations of the publication, including, when necessary, sharing with the publisher (Wiley) and partners for production and publication. The publication and the publisher recognize the importance of protecting the personal information collected from users in the operation of these services, and have practices in place to ensure that steps are taken to maintain the security, integrity, and privacy of the personal data collected and processed. You can learn more at <https://authorservices.wiley.com/statements/data-protection-policy.html>. In case you don't want to be contacted by this publication again, please send an email to [cet@wiley-vch.de](mailto:cet@wiley-vch.de).

P.S. – You can help your research get the attention it deserves! Wiley Editing Services offers professional video abstract and infographic creation to help you promote your research at [www.wileyauthors.com/eoo/promotion](http://www.wileyauthors.com/eoo/promotion). And, check out Wiley's free Promotion Guide for best-practice recommendations for promoting your work at [www.wileyauthors.com/eoo/guide](http://www.wileyauthors.com/eoo/guide).
